An Introduction to eNoteBook

(Applicable Only for students presently in Class VIII, IX & X and going to Class IX, X & XI in 2023)

Education is the most powerful weapon which you can use to change the world. With these inspirational words of Nelson Mandela, FIITJEE invented eNoteBook in 2016. At FIITJEE students will use this eNotebook for the following purpose.

Today being digital is the new Normal. JEE, KVPY, BITSAT, SAT Examinations too are conducted online. FIITJEE has always been an innovator in the interest of students. To acclimatise our students to read on screen, think and respond accordingly and to build their efficiency it is imperative that we must train our students in this routine too.

- **eBooks and Study Material** : As per the program structure FIITJEE trainers will provide various reading material to students on this eNoteBook.
- **eCultMetamorphosis (eCM)** : Again as per the program structure FIITJEE trainers will provide to students assignments for practice at home via this eNoteBook. Using this state of art technology, FIITJEE trainers can easily monitor completeness and correctness of student's attempts in these eAssignments a part of our Cult Metamorphosis training Methodology.
- **Practice Tests** : Major competitive Examinations like JEE Main and JEE Advanced, AIIMS, JIPMER etc are conducted online. More and more competitive examinations are turning online. Keeping pace with these complete exams Practice tests in FIITJEE Program are conducted on line on this eNoteBook.
- **Communicate** : Using this eNotebook, students can send their problems and grievances to FIITJEE Trainers time to time.
- Time Table, Class Attendance, students' performance reports are all available to students and parents via this eNoteBook.

Using this eNoteBook FIITJEE trainers will ensure students master all the concepts in a step by step rise from Board level to JEE Main and to JEE Advanced and beyond. We call our unique and result oriented training methodology as Cult Metamorphosis.

We are delighted that initiative of eCM would be our mantra for taking the IITJEE coaching Industry to a new level and set a new benchmark in monitoring, securing and enhancing student performance.

Components of eNoteBook

1. **Secure and Locked Tablet Device:** Internet is full of Both Good and bad things. While developing eNoteBook due attention has been given to protect our students from the bad things of internet. While the students will be having an internet connected Tab in hand, it will connect only to Cult Metamorphosis Applications and other FIITJEE content. Social media like Facebook, Whatsapp Internet browsing will remain disabled on the Tab.
2. **Regular Info like Time Table, circulars etc:** This Tab ensures no critical info is missed out. Schedule of classes, Circulars to students and parents all at one place. Not only this, an on Tab reservation utility for focused group discussions.
3. **Test Performance, View and Challenge answer keys:** Concept wise analysis of your offline tests, If you have a doubt in the answer key challenge it on the Tab and get the reply to your doubt directly from the paper author.
4. **Discussion with your Teachers:** Got stuck in something and unable to raise your doubt in the class. Let your Teacher know about it through the Tab. You can also interact with the Course Coordinator. Residential program students can exchange messages to their parents as well.
5. **Parent Monitored Assignment Tests:** Once the student's feel on the basis of learning from the class that he/she has crossed the Board level of understanding in a Topic, can attempt an online assignment test on Board level at home under the supervision of parents. 2 levels of Board, 2 levels of JEE Main and 2 levels of JEE Advanced. Level by Level student can see himself / herself going up in each concept / topic. Not only this, taking the advantage of the technology, teacher also knows what a student is doing right and what wrong. Accordingly, teacher will tune his / her lectures.
6. **Instant Analysis of other Class Tests:** Unlike in an OMR based tests where it takes 4/5 days to compile the result, an online test on the Tab will give out the analysis almost instantaneously. This enables immediate analysis and doubt removal of test writing students.
